Attached are the currently adopted Putnam County Comprehensive Goals. Please take a few minutes to review them. Are they still valid? Do they need to be modified? And most importantly please tell us how to achieve the goals!

Thank you!

Capital Improvements

To provide a financially feasible plan by which the County can provide public facilities, recreational facilities and roads for its residents concurrent with new development in an amount which meets or exceeds adopted standards for Level of Service.

Coordinate land use decisions with projected new or improved public facilities to maintain the required level of service.

Require future development to pay their fair share of the costs of providing public infrastructure at the levels of service included in the Comprehensive Plan.

The County shall periodically monitor and review level of service standards as contained in the Comprehensive Plan to maintain and improve the quality of the County's life services.

That all new and existing construction be provided with infrastructure adequate to meet the required level of service standards

Economic Development

Putnam County shall work to develop a positive business environment by addressing economic issues that are important in facilitating the expansion of the County's tax base and economic base.

To create and maintain a diversified and stable economic environment that will support and enhance the standard of living of all citizens, and be compatible with the growth management and environmental goals of the County.

To achieve a coordinated and stable economy that is compatible with growth and will provide maximum employment opportunities for all citizens in Putnam County.
